# About

## Our Mission

TO BE THE WORLD **LEADING** SUPPLIER OF  
TEMPORARY TRAFFIC MANAGEMENT EQUIPMENT  
BY **EXCEEDING** OUR CUSTOMERS EXPECTATIONS  
IN QUALITY, DELIVERY AND CONTINUOUS IMPROVEMENT

## Who We Are

Melba Swintex is the world’s leading manufacturer of temporary traffic management products. With a range that complies with all national and international standards.

The management has a wealth of knowledge and experience in the design and manufacture of traffic products, and also works together with our partners to provide customised products for the industry. Melba Swintex is proud of it’s record in designing and producing innovative products to meet industry standards.

The company perform a number of manufacturing processes that include compression moulding, blow moulding, injection moulding, rotational moulding, the manufacture of reflective sheeting, and processes which recycle a variety of waste plastics into new products.

As with most progressive companies, we have a solid commitment to the environment. We recycle 10,000 tonnes of material in the manufacturing of our products.

Melba Swintex has built it’s reputation on the quality of it’s products and services, which our customers have come to expect. Our aim is to not only maintain this reputation, but to build on it.

## Key
