FIRST CLASS PARKING

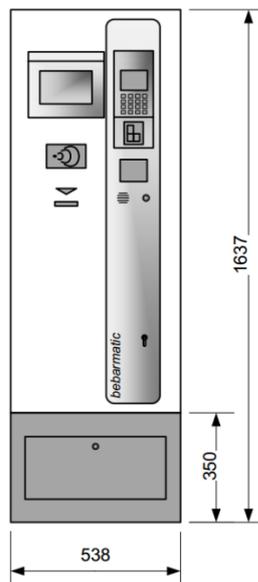

Cashless pay station Platinum Modular

Similar to the terminals, the cashless pay station Platinum Modular features an exclusive stainless steel housing combined with AISI 304 front plate.

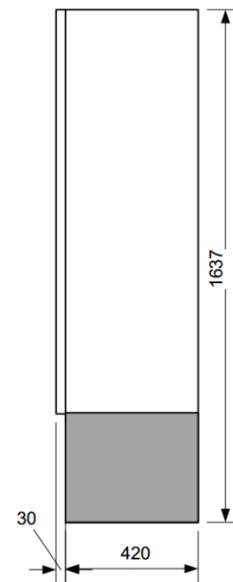

- Multi-functional front including 7" PCAP IPS display including touch screen for status depending operator guidance
- Processing of Girocard, credit-and cash cards
- Contact-free RFID reader EM4102 for subscribers, value card parkers and special ticket parkers and operating card set for authorized personnel.
- High performance thermal print head for printing of bar code tickets and receipts with individual imprint for customer information.
- Ticket separation without cutting tool from a cassette of 4,500 fan-folded tickets
- Front door including 8-fold strongbox locking. Closing mechanism includes removable profile half cylinder and square bar.
- Operating heights are handicapped accessible according to DIN 24972 (requirements for service units)
